

Circus 07, wall design Defne Koz 1994

FOSCARINI

A soft shape made from blown glass appears fixed with a satin-finish metal button positioned in relation to the central hole. This is the distinguishing mark of Circus. The name evokes the lamp's circular outline; a shape that is always current, so much so that it has been a part of the collection since 1994. Available as a wall or ceiling lamp, Circus decorates with a simple, balanced character, underlined by the intense glow that filters from the white diffuser. The glossy surface enriches the basic shape of the lamp through an illusion of elegant reflections.

The lamp is available in two sizes.

Circus 07, wall technical info

FOSCARINI

Description

Wall or ceiling lamp with diffused light. Hand-blown cased glass diffuser with glossy finish. Decorative central element, which acts as a glass-lock, made of nickel-coated metal, epoxy powder coated white metal mounting plate.
