IP20  Dimmerable: 

DESIGN BY

Neil Poulton

DESCRIPTION

Created through the repetition of an elementary module, this suspension lamp consists of a sphere with an incomplete structure. Ever changing in its appearance, depending on the point it is viewed from, it radically breaks the mould of the pure and sometimes monotonous forms that normally characterise this kind of lamp. Like the Black Star of the Empire in Star Wars, immobile in space, its apparent incompleteness is contrasted with its technical efficiency.
