

Peanut B

Mauro Lipparini

The ability to create the perfect composition: Peanut B., thanks to the host of different modules available, is an extremely versatile sofa, which blends in seamlessly with any space and style. The white feather and polyurethane foam padding make it especially comfortable; the composition can also include certain modules fitted with a sliding mechanism to extend the length of the seat, for further comfort. The fully removable upholstery covers are available in fabric or leather.

UPHOLSTERY:

fabric

leather
