La colección Concord comprende un gran número de variantes a partir de la estructura básica compuesta por una, dos o tres piezas horizontales de madera contrachapada curvada que se combinan en distintos tamaños y acabados: tapizados, madera vista o combinaciones mixtas. La base está disponible en diferentes configuraciones para uso residencial o contract.

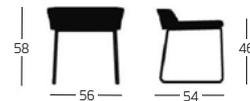

The Concord collection includes a great number of options from the basic structure, composed by one, two or three horizontal pieces of combed plywood that can be combined in different sizes and finishes: upholstered, wood or a combination of the two. The base is available in different configurations for residential or contract use, including wood legs, led steel base and swivel base.
