

PH 3/2 ACADEMY

The three lights on the fixture are designed based on the principle of a reflective threeshade system which directs the majority of the light downwards. The shades are made of mouth-blown opal three-layer glass, which is glossy on the top and sandblasted matt on the inside, giving a soft and diffused light distribution.

Poul Henningsen

The very influential Danish designer, architect, writer, and cultural critic, Poul Henningsen (1894-1967), has had a huge impact on Danish thinking and design. His legacy is an integrated part of Louis Poulsen's endeavor to shape light.
