*Introducing the Branch Side Table,  
a harmonious blend of form and function.*

The Branch Side Table stands out with its compact and flexible design, transitioning effortlessly between roles as a side table, a bedside table and a small work desk. Its thoughtful design optimises space while elevating the aesthetics and functionality of contemporary interiors.

At the heart of its functionality lies the easy-to-adjust height feature that caters to users of all ages for a user-friendly experience, transforming the Branch Side Table into a dynamic companion for immersive reading, focused laptop work or savouring a meal. As an accent piece or a spot to rest belongings, its thoughtful design allows it to be conveniently nestled beside a sofa, armchair or bed.

Designed with meticulous attention, felt under the powder-coated metal base prevents scratches on floors, preserving the integrity of the surrounding environment. Suited for professional and private spaces alike, it is available with a charcoal-coloured linoleum top or in dark-stained oak trimmed with black steel base, withstanding the demands of daily use.

The Branch Side Table launches online and at Audo Copenhagen retailers in 28. February 2024.

*About the Designer*

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with Audo, helping to drive the evolution of the brand and its product offerings. Norm Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement.
