*Brushed aluminium updates the portable  
Column Table Lamp*

The Column Table Lamp, Portable is as clever as it is convenient. Combining the latest technology and mood-setting style in one cordless design, it is powered by battery for the ultimate in freedom and flexibility. Now updated with a brushed aluminium finish, the USB-charged lamp has a dimmable LED bulb that adjusts to three settings – bringing its inviting glow to outdoor and indoor spaces alike. Its characteristic mushroom shape nods to the bollards used to secure seafaring vessels to a jetty. Moving seamlessly from the dining table to the terrace, the little lamp makes a big impression – and its subtly matte surface reflects the light for added ambience. The concealed USB socket at the base also fits Audo's Charging Board, a clever device which reanimates multiple portable lamps in a single sitting.

*About the Designer*

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. The name, Norm Architects, reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce a design that unites materials and craftsmanship, while embodying beauty, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.

Today, the group regularly collaborates with Audo, helping to drive the evolution of the brand and its product offerings —imbued with the same intrinsic quality as Norms creative direction: a simplicity that carries bigger ideas. Lead by the body and mind rather than by trends or technology, their projects explore ideas that not only look good but that also feel good: architecture becomes thoughtful, minimalism acquires softness and visual matter assumes haptic qualities.

PRODUCT TYPE  
Table lamp

ENVIRONMENT  
Indoor

DIMENSIONS  
H: 17,5 cm / 6,9"  
Ø: 12 cm / 4,7"
