*Introducing the Passage Pouf*

Audo Copenhagen unveils the latest addition to the Passage Collection – the Passage Pouf, which introduces a distinctive and unified design language that elevates the collection.

Designed to meet the demands of contract, retail and private spaces, the Passage Pouf proves to be a versatile seating solution. Crafted with a walnut or FSC™-certified solid oak with a lacquered finish base, it not only exudes warmth and sophistication but also guarantees durability and stability maintaining a consistent design language with its Passage Collection counterparts. Its thoughtfully compact and space-efficient design makes it an ideal choice for areas where maximising seating without compromising on style is paramount.

The carefully upholstered cushion guarantees a plush and comfortable seating experience, establishing the design as an inviting choice for users across various contexts – from bustling commercial spaces like lobbies and changing rooms to intimate residential areas such as living rooms and walk-in closets. A diverse selection of upholstery fabric options seamlessly integrate the Passage Pouf into unique spaces, making it a standout piece that elevates the overall ambiance of any space it stands in.

The Passage Pouf launches online and at Audo Copenhagen retailers on 28. February 2024.

*About the Designer*

The Copenhagen-based design studio Krøyer-Sætter-Lassen creates furniture and interior objects for clients across the world. Founded in 2016 by Mads Sætter-Lassen and Emil Krøyer, their honest approach to design results in logical, functional and sculptural objects that showcase their strong cultural understanding and Danish design heritage to bridge the gap between art and design. Krøyer and Sætter-Lassen's honest focus is revealed through their consideration of material properties and tectonic details.
