Form Café Table

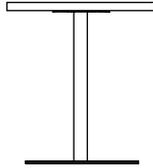

The Form series started with the idea of the perfect chair, and since its launch in 2014, the series has expanded into a wide range of possibilities that was the cornerstone of designer Simon Legald's vision. The timeless Form Café Table is available in four heights ranging from 65 to 110 cm and naturally complements the broad selection of Form Dining Chairs and Form Bar Chairs and Stools. The simple but elegant café table consists of a black cylindrical steel base that can be combined with numerous tabletop options for the utmost in versatility. Choose between circular and square tabletops in natural or black-lacquered oak veneer, matte steel or four different varieties of marble in creamy sand, dark brown, black or white. While the Form Café Table is the obvious choice when furnishing restaurants, bars, lobbies and reception areas, it also works perfectly as a small dining table in the home.
