Simple luxury in solid oak

The Grow coffee table is made of solid oak in a finely balanced design with references to classic Danish shaker style. The table is named for the smooth transition between the tabletop and legs, which gives the impression that the legs are growing out of the tabletop.

With its simple silhouette and shapely details, Grow alludes to the luxury of simplicity. The tabletop's chamfered edges and the oval legs lend the table a visual lightness, allowing the gorgeous oak wood to take centre stage. Grow is a versatile design with timeless class.

Grow is available in three sizes and two colours: natural oak and dark-stained oak, similar to smoked oak. Both varieties are finished in a protective matte lacquer.
