Dramatic Silhouettes

Phantom is a series of voluminous lamps made from a special semi-transparent resin material. The outlines of archetypical chandeliers have served as inspiration for the lamps' dramatic silhouettes, which in the ivory veil achieve a soft iconic character.

The lamps are made from a steel skeleton, around which the elastic resin is sprayed in closely-spaced threads, as a silkworm forms its cocoon. Tightly wrapped, the lamp's outline stands out like a mysterious echo of the original shape. The lamps emit an indirect, diffuse light that creates warm and atmospheric illumination.

Phantom is available in three versions of different size and shape.

Phantom
Small
