A TABLE FOR EVERYTHING

A place for meals, work, studying, conversations and relaxation; a table is a base and gathering place for all sorts of activity, and the Union collection accommodates them all. An all-round collection of tables in a minimalist design, which gets an elegant lift from shiny brass feet.

Union is a timeless table collection that can assume many forms of expression according to the interior that the tables are placed in. The tabletop and legs are kept in one cohesive color, only broken by the subtle brass details. The tabletop is made from premium anti-scratch, anti-fingerprint laminate and finished with ABS edging, while an airy steel design makes up the base. As a fine detail, the base is screwed together using over-sized brass screws.

The series, which encompasses 15 different tables, presents both round and rectangular models with varying heights and sizes. With everything from dining tables to tall café tables, the collection offers a broad range of furnishing options for both private and public spaces.
