

MOONSETTER

The sculptural floor lamp in chrome-plated aluminium has a rotating disc that allows customisation of the reflection of the glare-free light emitted by the LED light source elegantly submerged in the frame. The disc rotates 360° around its own axis and is white on one side and reflective on the other. Tilted towards the white side, the light becomes soft and diffuse, whereas the opposite chrome side reflects the light panel directly for a completely different expression. The light is directed according to the position of the disc. The surroundings are mirrored in the frame and the chrome side of the disc. The lamp offers stepless dimming and is turned on and off by the rotating footswitch on the cylinder.

Anne Boysen

Product info

Information

LED adapter fitted externally on cord. Turn on/off the light by rotating switch on cylinder with light fading in/out. Stepless dimming. The reflector disc can rotate 360° around its own axis. The lamps are numbered in editions of 100 pieces per edition and will be engraved with edition number and a unique sequential number from 1 - 100. This product is fitted with an integrated energy-saving LED light source. Should you wish to replace it, please contact Louis Poulsen so we can help you purchase the correct LED Replacement Kit. Please note that LED-replacement should always be carried out by an authorised electrician.

Mounting

Cable type: Black PVC cord. Cable length: 2.5m. LED-adapter: Separate, plugs into power outlet. Light control: Rotatable switch on cylinder with stepless dimming. The disc can rotate 360° around its own axis.

Finish

High lustre chrome plated. Disc: High lustre chrome plated on one side and white, wet painted on the opposite side.

Materials

Frame: High lustre chrome-plated solid cast aluminium. Cylinder and switch: High lustre chrome-plated extruded aluminium. Disc: Solid cast aluminium. High lustre chrome-plated on one side and white on the opposite side. Opal silicone diffuser.

Sizes and weights

width x Height x Length (mm) | 300 x 600 x 640 Max 20.5 kg

Class

Ingress protection IP20. Electric shock protection II wo/ ground.
