

NJP TABLE LAMP

The fixture provides direct glare-free horizontal light while reflecting some of the light through the rear of the head, illuminating the top of the arm. The ergonomic design of the fixture head shapes the light and gives optimal light direction. A simple mechanical system provides great freedom of movement, so the light can always be set in the ideal position in the workspace. The shade is painted white on the inside, reflecting comfortable diffused light.

nendo

In 2002 Oki Sato founded nendo design studio. nendo means 'clay' in Japanese – or more specifically, modelling clay such as plasticine. A unique material that makes it easy to do creative modelling.

Product info

Environmental Product Specification

This product is compliant with the requirements contained in the European Directives, RoHS Directive 2011/65 and 2015/863. This product is designed so that 100% of the product can be disassembled and reused.

Information

Driver fitted externally on cord. The light has two built-in intensities. The weight includes the base plate. This product is fitted with an integrated energy-saving LED light source. Should you wish to replace it, please contact Louis Poulsen so we can help you purchase the correct LED Replacement Kit. Please note that LED-replacement should always be carried out by an authorised electrician.

Mounting

Cord type: Plastic. Cord length: 2m. Switch: On the fixture head. Timer function: 4 hours/8 hours. Table thickness: Ø10 Pin: 12-50mm. Ø40 Pin: 5-35mm. Clamp: up to 45mm. LED driver: separate, plugs into power outlet. The light has two built-in intensities.

Finish

White, Black or Light Aluminium Grey, powder coated.

Materials

Base: Steel. Arms and lamp head: Aluminium. Joints: Anodised aluminium.

Sizes and weights

width x Height x Length (mm) | 220 x 480 x 480 Max 5.1 kg

Class

Ingress protection IP20. Electric shock protection II.

Light source

LED 2700K 10W
Lumen: 529

Information

○ White	Pin ø40			

Product description

Desk lamp with two degrees of freedom in each hinge/joint
Desk lamp can be ordered with, base, clamp or pin
Pin is 10mm and has counter nut to tighten it.
Clamp can be used on table tops up to 45mm in thickness / 1,8"
Desk lamp dimension and degrees of freedom allowing it to provide deliver illumination in accordance with EN 12464
Light source and diffuser positioned recessed into luminaire head to avoid unwanted glare in screens
Luminaire head should have a minimum of two degrees of freedom
Mechanical moving parts must be able to be tightened using simple ready available tools such as Allen keys, screwdriver.
Luminaire can be ordered in black or white, powder coated
Easy to clean

Mounting

Simple installation
Power supply can be separated from cable for conduit routing.

Light description

Light distribution from luminaire head is a combination of direct and reflected light. Ensuring soft edges on shadow.
Lumen package delivers illumination in accordance with EN 12264.
Luminaire illuminates itself
Asymmetry light distribution achieved by angle of luminaire head
LED high efficient COB
LED is replaceable
A minimum of 50.000h life on driver and LED.
LED CRI >90
LED CCC of 2700K and 3000K offered
Head functions as heat sink ensuring good heat management
LED dimmable (step dimming)
Programmable timer function. 4h, 8h and Off setting

Design

nendo

Material

Finish is without texture for easy cleaning.
Luminaire constructed in aluminium for durability and heat management. Base constructed in steel for higher mass properties

Weight

Min: 1 kg Max: 5.128 kg

Finish

Black, Dark aluminium grey, Light aluminium grey, White
