

LP SLIM BOX SUSPENDED

The slim, rectangular housing frames a high-efficient light unit. Emitting a primarily downward directed light the fixture also has an indirect light component ensuring illumination of ceilings. The light egress emphasises design details in the housing and the fixture can be connected lengthwise into a double length unit creating further possibilities for splendid illumination in a vast range of environments.

Product info

Environmental Product Specification

This product is compliant with the requirements contained in the European Directives, RoHS Directive 2011/65 and 2015/863. This product is designed so that 100% of the product can be disassembled and reused.

Mounting

Suspension: Cord 4x18AWG, 5m. Driver integrated in canopy.
