

VL RING CROWN 3-5-7 PENDANT

The pendant emits light directed primarily downwards.
The opal glass provides a comfortable and uniform illumination of the area around the fixture.

Vilhelm Lauritzen

Vilhelm Lauritzen (1894–1984) is one of the most significant architects in the history of Denmark; he was the trail-blazing figurehead of Danish functionalism. A number of his buildings – Nørrebro Theatre (1931–32), Daells Varehus department store (1928–35), Radiohuset (1936–41) and the first airport built in Kastrup (1937–39) – represented the concentrated essence of contemporary life.

Set location - The Silo
