

DESIGN BY NAOTO FUKASAWA

HAY

# PAO GLASS TABLE LAMP

## HIGHLIGHTS

- Part of a progressive and technologically advanced lighting collection
- The collection includes a portable lamp, as well as pendants, table and floor lamps in different sizes in high-gloss steel or glass
- A freestanding table lamp with a clean, unbroken visual identity
- Integrated LED light source ensuring a life span of at least 25,000 hours of use, with inline step dimmer
- The fitting can be used in conjunction with a number of standard wall mounted dimming control units
- The lamp is suitable for both private and office environments
- Qualified for contract use

# PAO GLASS TABLE LAMP DESIGN BY NAOTO FUKASAWA

The Pao collection of lamps is an exciting collaboration with established Japanese designer Naoto Fukasawa. Named after the soft, glowing shape of traditional Mongolian Pao tents illuminated at night-time, Fukasawa set out to encapsulate the same atmospheric warmth and friendliness in the Pao Table Lamp. Pao draws on Fukasawa's aesthetic of beautiful simplicity; creating an everyday object that draws on design values existing in the natural world. By keeping the aesthetics modest and simple, he brings the design into harmony with its environment, reinforcing his primary intention of making the atmosphere pleasant and comfortable. In the Pao Table Lamp, Naoto Fukasawa has developed a way of concealing the custom LED light source from view, keeping it nestled inside the shade to give the lamp a clean, unbroken visual identity. Both base and shade are made in opal glass, offering a functionality and deliberate simplicity of design that make them suitable for a wide range of spaces and uses in domestic and corporate environments.

Born in Yamanashi Prefecture in 1956, Naoto Fukasawa established NAOTO FUKASAWA DESIGN in 2003. His designs are known for their ability to access and communicate the true essence of an object. Currently, he designs for a wide range of leading brands worldwide, as well as consulting and designing for local Japanese companies; He also sits on the design advisory board of Muji and is the art director of Maruni. His designs span a wide variety of fields, from precision electronic equipment to furniture and interior spaces. Fukasawa is the curator of The Japan Folk Crafts Museum, professor in the Integrated Design Department at Tama Art University, and one of the directors of 21\_21 Design Sight. He has been accorded the title of Royal Designer for Industry (Royal Society of Arts) and has been a recipient of the Isamu Noguchi Award. For HAY, he has designed the Pao Lamp Collection and Miz Water Bottle.

## MATERIALS

### SHADE & BASE

Mouth blown opalescent high gloss glass

---

### LIGHT ENGINE

Polished aluminum hardware and mounting bracket with matte opal glass diffuser

---

### CORD

Black silicone cable with inline dimmer switch

---

## PRODUCT INFORMATION

### DESIGN YEAR

2020

---

### COUNTRY OF ORIGIN

China

---

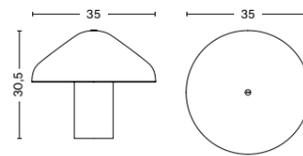

## COLOUR & FINISH

Please note that the colours are indicative

White  
opal glass

## DIMENSIONS

### PAO GLASS TABLE LAMP

Diameter 35 cm

Height 30,5 cm

Weight 0,62 kg

## TECHNICAL SPECIFICATION

RECOMMENDED LIGHT SOURCE  
Integrated LED, 11W, 700lm, 2600K warm white

---

DIMMABLE  
Yes

---

POWER SUPPLY  
220-240V AC at 50/60Hz

---

IP  
20

---

CORD LENGTH  
200 cm

---

SWITCH  
Inline step dimmer

---

## TEST SPECIFICATION OUTPUTS

Photometrics and the test specification shown is taken using the recommended LED bulb fitted in the production luminaire

LUMEN (LM)  
700lm

---

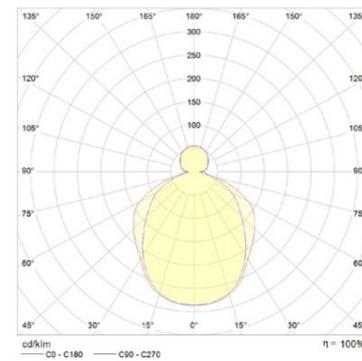

KELVIN (CCT)  
2600K warm white

---

CRI (1-100)  
80

---

## PHOTOMETRICS

## CERTIFICATES

### ETL APPROVED

This product has been assessed and complies with the essential requirements of the certificate.

### CE APPROVED

This product has been assessed and complies with the essential requirements of the relevant European directives.

LED   IP20   

Tested according to the following European EN IEC standards which relate specifically to electrical lighting products including:

- EN 60598-2-4 (portable luminaires)
