

DESIGN BY JOEL HOFF

HAY

TURN ON

HIGHLIGHTS

- Part of a progressive and technologically advanced lighting collection
- A compact table top based lamp in a compact bedside scale with a warm light
- Integrated LED module included with an estimated life span of 25.000 hours of use
- Rotary lamp body dimmer switch
- Suitable for both private and office environments
- Qualified for contract use
- For indoor use only

TURN ON DESIGN BY JOEL HOFF

A beautifully unified piece of design made from aluminium and opal glass. The base is a faceted cylinder that works as both the light switch and the stem that holds the spherical glass diffuser in place. Turning the base in a clockwise direction clicks the LED light on, with further rotation increasing the lumen output. This movement built into the design, allows the user to intuitively brighten or dim the light. The base comes in four anodised finishes: black, aluminium, orange or green. Turn On is a design made at human scale, effortlessly simple and pleasing to touch.

Joel Hoff graduated from the Royal College of Art in London in 2014 with a Master in Design Products. His aim is to design objects for mass-production that do not fuel mass-consumption; to inspire people to own fewer things of greater quality that remain in use for longer. Through an understanding of manufacturing processes and their many different advantages and limitations, he wishes to foster longevity in terms of both materials and form. For HAY, Hoff has designed the Turn On Lamp.

MATERIALS

LAMP BODY
Extruded aluminium with anodised finish

LAMP SHADE
Opal glass

CORD
Silicone.
Note that fixings, gaskets, soft TPE components and the cable are black for all colour options

PRODUCT INFORMATION

DESIGN YEAR
2016

COUNTRY OF ORIGIN
China

OPTIONS
Glass Globe

COLOUR & FINISH

Please note that the colours are indicative

Black

Aluminium

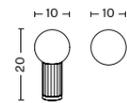

Green

Orange

DIMENSIONS

APOLLO PORTABLE
Diameter 10 cm
Height 20 cm
Weight 0,7 kg

TECHNICAL SPECIFICATION

RECOMMENDED LIGHT SOURCE
Integrated LED, 4,5W

DIMMABLE
Yes

POWER SUPPLY
220-240V AC at 50/60Hz
UK/EU plug mounted adapter

IP
20

CORD LENGTH
200 cm

SWITCH
Rotary lamp body dimmer switch

TEST SPECIFICATION OUTPUTS

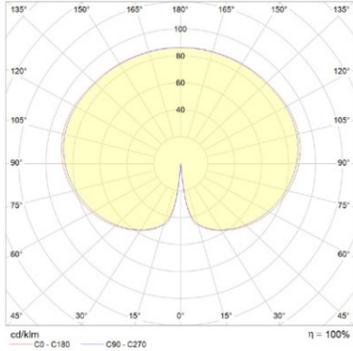

Photometrics and the test specification shown is taken using the integrated LED bulb fitted in the production luminaire

LUMEN (LM)
250lm

KELVIN (CCT)
2700K warm white

CRI (1-100)
80

PHOTOMETRICS

CERTIFICATES

ETL APPROVED

This product has been assessed and complies with the essential requirements of the certificate.

CE APPROVED

This product has been assessed and complies with the essential requirements of the relevant European directives.

LED CE F IP20   

Tested according to the following European EN IEC standards which relate specifically to electrical lighting products including:

- EN 55015 (radio disturbance)
- EN 61547 (EMC immunity)
- EN 61000-3-2 (EMC compatibility)
- EN 61000-3-3 (EMC compatibility)
- EN 60598-2-4 (portable luminaires)
- EN 60598-1 (general requirements)
- EN 62493 (human exposure to EMC)
