

The Americana series was designed by Miguel Milá in the mid-1960s to pay tribute to George Hansen's 1950s lamp collection. The Hansen lamps were built around a rotating arm with a swivel in the middle, dividing the horizontal axis into two sections; as a result, the arm can rotate, be folded in or opened out from the centre.

Enthralled by the idea of enhancing Hansen's already remarkable geometry, Milá's Americana series is also based on a swing arm, although here the arm is a single section with a right-angled bend. Accordingly, the head of the shaft becomes the swivel that enables the shade's horizontal rotation, reducing the lever effect. Although the arm cannot be opened out or folded in on itself, it can be moved towards you or away from you without shifting the large metal base, still evoking the swing motion.

The Americana lamp combines a smart articulated arm and the optimal height for reading, making it the perfect companion for your favourite armchair.

General description:

Satin nickel structure.
White linen lampshade.
Rotating arm.
Electric cable length: 2,25 m / 88.6"

Approximate weight (unpacked):

7,2 Kg / 15.8 lb

Technical information:

European version: Light source included
American version: Recommended light source (not included)
LED bulb: 3,4 W / 470 lm / 2700 K
E27 - E26 / Max. hgt. 105 mm / 4.1"

Suitable only for indoor use.
Always use the light source recommended or equivalent.

Input voltage: 100, 120, 230 Vac.
(50 Hz / 60 Hz). According to destination

Regulations:

European version
UNE-EN 60598
UNE-EN 55015
UNE-EN 60529

American version
Dry location only
UL-153
E-352592

Maintenance:

Clean with a smooth cloth. Do not use ammonia, solvents or abrasive cleaning products.

Others:

The lamp is delivered in different packages.
The assembly instructions are delivered with the product.

Model:

Collection:

Table lamps

Floor lamps

Wall lamps
