

## Lámina 45

Antoni Arola. 2023  
Floor Lamp

A line of light and a thin metal sheet create a faint yet effective diffusion. Lámina was born in a flash as a family of pendant lamps, with an exceptional lightness that knows how to be smart. It now stands as light sculptures that contrast with any wall finish on its back. White and concave lampshades are available in two different sizes. The larger, a long narrow arc of 165 cm, opens up new depths of space both vertically and horizontally.
