1. Product overview

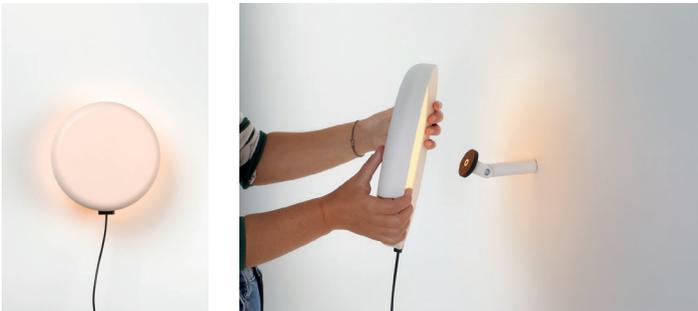

Wall-mounted lamp for accent or ambient lighting, featuring a circular metal shade with folded edges concealing the integrated LED strip to provide soft indirect illumination. The shade attaches magnetically to the wall-mounted support.

In the 4061 version, the shade mounts to an adjustable arm that allows forward or backward positioning, with a 90° vertical rotation for precise directional adjustment.

Equipped with a push-button dimmer on the cord and a universal plug

2. Finishes and Materials

8. Maintenance & Cleaning

Our lighting fixtures are crafted with high-quality materials and finishes to ensure durability and timeless elegance. To maintain their original beauty, please follow these care recommendations:

1. Regular cleaning: Dust the fixture regularly using a soft, dry microfiber cloth to prevent buildup.
2. For deeper cleaning: If necessary, use a slightly damp cloth with clean water. Always dry the surface immediately with a dry cloth.
3. Avoid harsh products: Do not use alcohol, abrasive cleaners, solvents, or detergents, as they may damage the finish and alter the appearance.

In case of failure, LEDs can be easily replaced.
