DESCRIPTION

The Gravity Collection designed by Space Copenhagen, consisting of two table lamps, a floor lamp, two pendants and now also two wall lamps is aesthetically contrasting strength and fragility. Taking its name from the lamp's distinctive balance between the anchoring of the heavy, cylindrical base and the lightweight, airy shade, it beautifully merges into a sculptural whole. Blending understated elegance, clean functionality and effortless in its own succinct and simple way, the Gravity Lamp gives an ambient and subtle light display and creates different moods and expressions depending on the choice of size and combination of materiality.
